Sir,

With due respect I want to state you that I am Biplab Boruah c/o Kishal Boruah currently pursuing B.Tech in instrumentation Engineering Department in Assam Engineering College, permanent address: Atila Gaon, Jorhat, 785001.

I know a person name Abhinaba Barthakur from Ulubari Guwahati, 781007 who is my local guardian since 2019 when I was admitted to this college. Recently he called Mr. Dipankar Chanda of our department saying informal words. I was unaware of that incident.

Secondly when I was running for department clearance, he again called Mrs. Armita Ganguly midnight and asked about her vehicle and also posted a audio-video clip on his website www.bubbatube.barthakur.com without any consent.

I am unknown with all these following incidents →

1. Breaking the glass of professors quarter.
2. Misbehave with the faculties.
3. Video published in youtube (later I got to know).
4. How he get the contact information of different faculties.
